## FORWARD

Our mission is simple: to help Chinese language learners enhance their vocabulary and reading comprehension through a series of engaging stories, carefully designed to match specific difficulty levels.

In creating these stories, we ensure that the vocabulary aligns with various HSK levels, providing structured learning.

We intentionally introduce some new words beyond the recommended level, offering readers the chance to expand their vocabulary without feeling overwhelmed. These new words are naturally repeated throughout the text for reinforcement, following the 'i+1' principle from the comprehensible input theory.

With years of experience in teaching Chinese, our team understands the best practices for effective language learning. Alongside the original text, we also provide helpful resources such as:

1. 生词 (New Words)
2. 阅读理解练习题 (Quiz)

We greatly value your feedback. Please feel free to share your comments and suggestions with us through our website at <https://www.learnyuwen.org>.
